SUMMARY

MIS student expecting to graduate December 2020 from Oklahoma University. Focus is on data analytics, software design, and cybersecurity. Interested in an internship in 2020 to develop real world understanding of business and IT.

EXPERIENCE

Executive Blue Pools - Technician June 2015 - August 2018

- Clean and service pools for a local company.
- Youngest hired employee. Mentored for 6 week and then given own service route.
- Primary duties included driving to customer's homes to cleaning pools and maintaining chemical levels.
- Worked full-time in summer and part-time after school.
- Consistently assisted owner in performing back-office administration of accounting and setting customer routes for other pool technicians.

Intersect Church - Build Team November 2014 - March 2016

- Work in a team to build and teardown a temporary church each Sunday. The newly forming church met in a daycare building. Build took about 2 hours and teardown about 1.5 hour.

The Porch - Server March 2019 - Present

- Work as a restaurant waiter serving food and drinks to many kinds of people.

SKILLS

- Basic level of programming including Java, C#, SQL, and SAP
- QuickBooks and The Service Program
- Productivity tools Microsoft Word, Excel, PowerPoint, Google Docs

EDUCATION
